Information: 2.02 - Current Events and Announcements

Chair Ivory thanked President Pershing and Vice President Jason Perry for their efforts during the legislative session. He added that the Regents recognized the President's leadership in helping the cause of higher education. Chair Ivory also noted that Regent Dan Campbell will be the new chair of the Board of Regents upon Chair Bonnie Jean Beesley's retirement from the board.

Information: 2.03 – Student Focus: Perspectives on the U as a Research University

Chair Ivory invited Vice President Tom Parks to share information on student research. Vice President Parks reported on the predominance of research universities in the United States noting that 17 of the world’s top 20 research and graduate education institutions are in the U.S. He added that the Carnegie Foundation places the University of Utah in the highest research university group with a Very High Research Doctoral University designation. He stated that the U was ranked #50 of 896 universities in federal research and development (National Science Foundation - 2011) and was ranked #47 in publications, citations, and awards (Academic Ranking of World Universities – 2013). Dr. Parks noted that the University is also ranked among the top 25 research universities for research dollars, faculty awards, and endowment funding (The Top 50 American Research Universities – 2012).

Vice President Parks acknowledged that attending the U creates unique training opportunities for our graduate and undergraduate students as they working alongside top research mentors in highly advanced labs. He noted that being the only “Very High Research Doctoral University” in the state has helped the University recruit top students and top research faculty. Dr. Parks concluded his presentation stating that students involved in undergraduate research have more opportunities for internships and collaborative research experiences, have higher GPAs, are more likely to graduate within four years, and are more likely to attend graduate school than their counterparts.

A copy of the PowerPoint presentation is included as Appendix II with the official minutes of this meeting and is on file in the office of the Secretary to the University.

SENIOR VICE PRESIDENT’S REPORTS

Report 4.01 – Health Sciences Report

Senior Vice President Vivian Lee reported on her visit to Washington, D.C., last month to present information to the House Appropriations Committee on the U’s research and the Utah Genome project. She briefly reviewed the proposals to discontinue the Department of Physiology and create a new Department the Population Health Sciences which are consent items on the Trustees agenda. Trustee David Huntsman commended Dr. Lee and the health sciences area for their efforts to maintain relevant programs and degrees.

Dr. Lee reported that their senior leadership team is discussing preprogramming a medical education plan and added that they have also been actively recruiting top endocrinology faculty to create a flagship program through expansion of the diabetes and obesity research programs. They have hired a new division chief and two other researchers from Harvard and are expanding the number of endocrinology physicians in the community clinics to help address this medical issue adding that Utah has one of highest rates of Type 1 diabetes. Dr. Lee also reported on the annual Bench to Bedside competition which is gaining national attention.

Report 4.02 – Academic Affairs Report

Senior Vice President Ruth Watkins reported on the recent “student admit days,” an event that hosted the local and national top students. She noted that they are also preparing for the future by recruiting a competitive faculty in identified areas that need faculty with a national impact. Dr. Watkins reported that she will be meeting with a national leader in online education to help the University identify needs and develop concepts to generate an effective online instruction program.

ACTION AGENDA

Action 7.01 – Capital Facilities Projects- Approval to Construct an Outdoor Tennis Complex

Associate Vice President Michael Perez introduced the proposed outdoor tennis complex. Special Assistant to the President and Athletic Director Chris Hill spoke to the University's need for outdoor tennis courts noting that all our competitors have such facilities. He added that over the past five years the tennis teams have used off campus locations - primarily at Liberty Park - to host their outdoor tennis training and competitions. Those courts are no longer available creating the need to build a facility on campus. Dr. Hill stated that six courts will be built along with grandstands. The total project cost estimation is $2.5 million and will be funded through private donors. Dr. Hill added that they are also working on an inter-local agreement with Salt Lake County for 20 -25 percent usage of the courts (after hours) which will benefit county youth programs and help develop junior tennis players. This additional funding would help support the facility.

Motion to approve the Outdoor Tennis Complex by Phillip Clinger, second by Lisa Eccles. Final Resolution: Motion Approved.

Aye: H David Burton, Phillip W Clinger, Lisa E. Eccles, David Huntsman, Clark D Ivory, Michele Mattsson, Cristina Ortega, Sam Ortiz, Taft E Price, and Keven Rowe

INFORMATION AGENDA

Information: 8.01 – Update Related to Fall and Spring 2014-15 Parking Plan

Vice President Arnie Combe relayed updated information on the University’s parking plan for addressing loss of spaces due to new construction. He noted that this was coming back to the Trustees at their request. He reported that there are a total of nine projects that will affect parking for a potential loss of 900+ parking stalls. Mr. Combe noted that Utah Transit Authority (UTA) ridership has increased over last few years through their “incentive to ride” program which will help mitigate the loss. He added that campus shuttle routes are being expanded and will include a neighborhood shuttle service so that nearby students can easily access campus. Administrators are working with Ft. Douglas to expand parking to that area which will provide 150-200 stalls. He added that they are also looking for another small surface lot on campus. Mr. Combe also noted that they plan to start early communications to notify students, faculty and staff of construction obstacles and alternate parking options. There will be regular updates and community forums to notify neighborhoods of upcoming construction. Trustee Lisa Eccles requested a schedule be sent to the Trustees with construction start dates for each facility along with clearly defined parking impacts.

Chair Ivory asked about housing cost projections to which Vice President Combe reported that a cost analysis is being reviewed and added that the increase will likely be about 2.5%.
A copy of the 2014-15 Parking Plan is included as Appendix XXI with the official minutes of this meeting and is on file in the office of the Secretary to the University.
